“ Thank you mom for helping me give Maria a happy childhood while we were both grieving.

“ All my Memories of my dear Sister are special, happy and full of Love. I'll miss our talks and reminiscing the funny things that happened on our camping trips. We used to laugh at having to listen to the same stories that Jim and Pat told over and over, then we found ourselves doing the same thing when talking about our previous camping trips:.) .When I start to feeling melancholy about her passing, I am reminded that day was a very happy reunion for her. Meeting with all family that had went before. She missed her Son so much and she was always so concerned about her Nephew Mike that was almost totally blind. Now she can embrace her son and tell him all about all those that are still here, that he had to leave behind way to soon. I love you my Dear Sister and I will keep all our memories alive by continuing reminiscing our stories:.) You truly are a special Sister to me.

“ I primarily remember Lorna as a young girl. Her son and I were like brother and sister. I remember good meals at the home of she and my brother, Mark. She led a 4-H group for my young grade school friends and I and taught us to knit. After I got my first jobs as a young woman, she helped me to prepare my income taxes every year. I remember her as a good mother and a woman of God. RIP Lorna.

“ Love you so much Mama, and I will miss you! At last, you are in the arms of Jesus and hugging your sweet son Bob. I'm so glad you are no longer in pain both physically and emotionally. Love you to the moon and back, I'll see you up there in heaven someday

“ Dear friend you are so missed. We grew to know each other when taking care of Belle Passi Cemetery as manager/maintenance and you were on the Board of Directors. Heaven has another sweet soul and we will look forward to our reunion when we pass to the other side. In His Love Always.
